

A Pearly White Puzzle

Materials Needed For Each Student

- 1 piece of 9" x 12" construction paper
- scissors
- glue
- crayons

How To Use This Page

Duplicate the page for each child. Then have her complete the following directions:

1. Cut out the puzzle pieces.
2. Arrange the pieces to complete the picture.
3. Glue the finished puzzle onto the construction paper.
4. Color the picture.

Extension Activity

Have each child turn her completed puzzle over and draw two foods on the back that help her teeth stay healthy.
